LITTLE 'BIG GAME' PITS LOCALS AGAINST LOS GATOS FOR SCVAL TIE

Campbell and Los Gatos High School football squads clash here this morning at 11 a. m. on the local field in the 7th annual turkey day "Big" game with both teams shooting for a tie with Fremont High School for the Santa Clara Valley Athletic League Championship.

Today's game will be the sixth time in 12 years of competition, that the two schools will meet with a football championship at stake.

Campbell's one title in 1944 was created by a 25-13 victory when the locals scored their biggest triumph, with Billy Wilson, now with the San Francisco '49ers doing the pass catching.

Campbell coach Jim Muir's Bucs have enjoyed a highly successful season, winning three, tying one and losing one, thus far. Los Gatos coach Fred Canrinus's "Cats" have an identical record. Winner will move into a tie with Fremont for the SCVAL title. A tie game today will result in both teams moving into second place.

Campbell High has a season record of 71 points scored in league games with 55 against, as compared with Los Gatos' 82-63.

Campbell whipped Mountain View, 19-6, and Washington, 31-12 in its last two outings, while the Cats were tying Santa Clara 12-12, and winning over Washington, 8-6.

However, records mean nothing in the local big game, and both teams can be counted on to enter the fray ready for their best showing of the season. The emotional factor is important, and in this category, both teams will be high.

The Campbell Buccaneers, playing on their home field, will probably be slight favorites as far as injuries are concerned.

The Bucs will take the field at full strength, while the 'Cats will do battle minus the passing, running and team leadership qualities of two regulars. Jim Johnson, quarterback, is sidelined with a broken collar bone. Tackle Norman Sallan and three other backs, Jim Horn, Dick White and Danny Wilson will operate on injured footing.

Campbell tackle Dick Gleed, an almost certain choice for All-SCVAL honors this year, was injured last year in the big game, and might have made the difference in last year's Los Gatos win for the SCVAL championship.

Rival "T" quarterbacks in today's game, Campbell's Larry Sutton and Gatos Chuck Steward are fast friends, and summer baseball teammates. Both played baseball on the Los Gatos American Legion baseball team along with Duane Holm, who sees action today in the Campbell lineup, playing left halfback.

Fine football weather is predicted. Both coaches agree anything can happen.

POSTMASTER GIVES HINTS FOR XMAS MAIL

Campbell Postmaster, Ira Grim, anticipating the usual heavy volume of Christmas mailing at the local postoffice, said today that early mailing would result in better postal service if postoffice instructions are followed.

Grim listed the following mailing hints for Campbell area residents to insure prompt, safe delivery of Christmas mail.

Mail should be separated into bundles, those for local delivery, and those for out of town.

Bundles should be tied (using twine both ways) an da label indicating whether for local or out of town delivery should be placed on top of each bundle.

Printed labels for "Local Delivery" and for "Out of Town" delivery are available free at the Campbell Postoffice, according to the postmaster.

Grim said the Campbell postoffice will be closed and no deliveries will be made on Christmas Day.

For better mailing service, the postmaster urges all Campbell area residents to shop now, wrap carefully, address plainly and mail early.

POLICE CLERK PRAISES POLICE JUDGE WALSH

With the dissolution of Campbell's City Court January 1, 1953, to become part of the combined Campbell, Los Gatos, Saratoga Judgeship, under the jurisdiction of recently elected Paul W. Crawford, goes one of the nicer employer-employee relationships that has existed between Police Judge Martin S. Walsh and his secretary-clerk, Mrs. Francis Allen.

Mrs. Allen told the Press recently that during the time the court has been in operation Judge Walsh has become a highly valued friend both to herself and to her family.

The people of Campbell owe Judge Walsh a vote of thanks for the improvement of the city's traffic problem and other matters relating to the general welfare, she said.

BUSINESS LICENSE TAX ORDINANCE TO BE ADOPTED, EFFECTIVE JAN 1; MOST FIRMS TO PAY $25 A YEAR

Final reading of an ordinance establishing a business license tax, covering all business, profession, and service operation, is expected at next Monday night's City Council meeting. The measure will go into effect the first of new year.

The ordinance as read for the first time Monday night imposes a flat license fee according to the type of business rather than on the basis of gross receipts. Most business concern in the city and professions would pay $25 a year.

Depending on the type of use, payments would vary from annually to daily. Temporary operations such as dances and auctions would be charged on the shorter time basis.

The ordinance is regulatory in nature rather than for revenue, city officials pointed out.

Certain uses such as pool halls and carnivals woul drequire a permit to o perate in addition to business license requirements.

Transient business firms which conduct business within the city are subject to the regular fee plus an annual fee of $10 a vehicle used in conducting business in Campbell.

Only criticism voiced by representative merchants was that firms and individuals rendering services hsould be excluded from the tax.

Footlighter Play Is Well Received By Small House

Approximately 400 attended the Footlighter's presentation of "The Campbell's are Coming" November 21 and 22 at Campbell High School Auditorium, but, said play organizers, in view of the youth welfare sponsorship of the play the size of the audience was disappointing.

The story portrayed the efforts of the Brannagan family to discourage the suit of a city dude for the hand of Kaye Branningan.

Mary O'Brien turned in a capable performance as Aunt Mary, the character lead. A great many well turned laughs were achieved by Betty Legg, George Nelson, Marge Berg, Greg Parker, Ida Levenberg, Bert Legg, and Ken Brown in the supporting roles.

Alma Fanning and Norm Corvello convincingly justified the homespun jibes of the Brannigan family, in their pseudo sophisticated roles as the Campbell "Mater" and "Baysie".

The crude cabin setting for the play was provided by Ethan Lanphear and his stage crew. Western music between the acts carried out the rustic theme.

Although the play was not a financial failure, it fell far short of its potential in providing financial support for the youth welfare organizations of the community, Dean Chamberlin, director said.

Dr. George Meunch of the Adult and Child Guidance Clinic of San Jose was guest speaker at the November 20th meeting of the San Tomas PTA. Dr. Meunch answered questions pertaining to family problems, from a question box in which members had dropped their queries. Among problems discussed were "overprotectiveness" on the part of fathers, jealousy and quarreling between children, and the effects of television on children. Dr. Meunch stated that some jealousy and quarreling are natural and to be expected; a father's "overprotectiveness" stems from his own inner problems, and television crime shows are unlikely to harm children whose wholesomeness is well established.

Mrs. Ted Balgooyen reviewer "New Ways of Discipline" by Dorothy Walter Baruch, which stresses parental interest in children's personal problems. The book is now available in the PTA library, maintained by Mrs. Chris Miller.

Mrs. L. W Hanson presided at the meeting. Mrs. Henry Duus, secretary, read the minutes of the last meeting, and the treasurer's report was given by Mrs. John Bergthold. LOCAL SPEEDERS PAY FINES FOR UNSAFE DRIVING

Recent police court action included disposition of reckless and drunken driving citations by Campbell Patrolmen Louis Doolittie and Robert J. Locke. Cases were heard in Police Judge Martin S. Walsh's court on Campbell Ave.

In other police court action, William Hassler, 133 Dillon Ave. was fined $25 for reckless driving. Hassler was overtaken after an 80 mile an-hour chase from Campbell Ave. to Los Gatos city limits last Saturday.

Eugene Vance Patrick, 84 Hardy Ave. paid a $200 fine for reckless driving after a Haloween night 79 mile-an-hour 2:30 a. m. chase to his home.

The reason Douglas Fox, 599 South 19th Street, San Jose ran through the Campbell Ave. and Winchester Road stoplight at 30 miles-per-hour November 13th, he told Judge Walsh was that he was running out of gas and was afraid that if he stopped he wouldn't be able to start his car again.

He was fined $10.

Boy Scouts To Hold Honor Court

On Thursday evening, December 4, at the Campbell Union High School Auditorium, the Boy Scouts of the Campbell district will hold a Court of Honor. Advancement ranks to second class, first class, and Star Scout will be awarded as well as merit badge awards. Scouts are to assemble in front of the high school auditorium at 7:15 p.m.

There are now eleven Scout troops within the Campbell district of the Santa Clara County Council, and a large turnout is expected. Dobie Jeffers will act as Master of Ceremonies for the evening. Parents and friends of Scouting are urgently invited to attend.

Mark Judy, newly appointed Field Executive for the Campbell district, has recently moved to Campbell and will fill the position previously held by Kenneth Robison. Mr. Judy has had nine years of Scouting experience and comes highly recommended from Fort Bragg, Mendocino County, where he held a similar post.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

A wily Persian, Mossadegh, Premier of Iran, is causing frenzied side stepping in Washington.

* * *

His current actions, plus the recent release of the long secret Federal Trade Commission report on the worldwide oil monopoly to the Senate Small Business Committee, could, and may, blow the lid off the cosy control plan of Big Oil.

C. W. Harder

* * *

A British firm, Anglo-Iranian, had the oil concession in Iran. The FTC report shows this British company is linked with Standard and other U.S. companies, to peg oil prices.

* * *

Iran disagreed with the royalties paid for its irreplaceable petroleum. The merit of the issue is a matter for conjecture. The FTC report states Persian Gulf Oil sold to the U. S. Navy for $1.05 during the war, and to the Marshall Plan for $1.88, costs from 27 to 40 cents per barrel to produce including royalties.

* * *

Perhaps the wily Persian took the viewpoint that if the world must pay such high prices for oil, Iran should get more.

* * *

The situation now became involved. Iran has 2 million tons of oil to ship, but no buyers.

* * *

None of the major American companies have made a move to buy oil from Iran despite their claims of fierce competition in the oil industry. Independent U. S. oilmen do not dare buy Iranian oil.

* * *

British published advertisements in U. S. threaten anyone attempting to buy the oil.

So in a non-communist world of supposedly free trade, that world is confronted with a buyer ready and able to sell, and no buyers.

* * *

Mossadegh has worked State Department into tight corner.

* * *

For one thing, State Department offered Iran $10 million in U. S. taxpayers' cash to settle a claim Iran has against British Anglo-Iranian. It was refused.

* * *

State Secretary Dean Acheson then made the most startling offer of all. In writing he stated that the following condition "the freedom of Iran to sell its oil on other than a monopoly basis" is acceptable to the U. S. Thus, for the first time in years a high level U. S. official has recognized publicly monopoly practices in oil industry.

* * *

This official recognition of an oil monopoly, plus the Federal Trade Commission report on a world oil monopoly, could be the start of restoring the petroleum industry to a status of free competition, restoring opportunity to independent U. S. oilmen.

* * *

Consumers could also be relieved of the burden of an artificially supported price structure.

* * *

Big Oil seeks to establish the entire matter as Russian inspired. However, for a year Iran has had oil to sell, and despite boycott has not sold Russia.

While in desperation Iran may eventually be forced to the Russian market, it will be monopoly forcing that move. The entire fight with Iran has been to save the oil monopoly. If Iranian oil were sold to independents as well as the monopolists, it could end the cosy arrangement by which British and American interests peg oil prices around the world.

GRID CONTEST CLOSES TODAY

Press football contest closes shop today with its final list of game choices sponsored by Campbell merchants.

Contestants should notice in this week's contest that Clark's Drug Store ad is being replaced by Shellenberger Shell Gas Station and entry blanks should be marked accordingly.

Last week, pigskin prognosticators had a bad case of fumbelitis when it came to picking winners.

Although a record number of entries were submitted, the best anyone could do was to pick eight right out of 16 choices.

Final winners, Grace Gardner, Nina Goold, and Gene Sabo, J. made identical scores, so we divied up the $33.00 in prize money and spit it three ways giving the three winners $8.25 apiece.

American Business Behind The Scenes

by Reynolds Knight

NEW YORK, Nov. 24—This is the season for economic soothsaying. The eager businessman can hear several quite-different versions of what will confront him in the next six months. Examples:

Dr. Jules Backman, professor of economics at New York University, forecasts a minor decline in 1953, lasting into 1954, but not enough to worry about unduly; Dr. Marcus Nadler, professor of finance at the same university, has predicted high-level business the next six months, with a brief setback thereafter.

Dun & Bradstreet, Inc. went to the businessmen themselves for its preview of 1953. Of 1322 executives interviewed, 780 expect sales increases in January, February and March. Fewer than 450 of them, however, looked for higher net profits after taxes. Manufacturers, on the whole, were more optimistic than wholesalers or retailers.

OUT OF THE RED?—Gossip going around Washington is that President Truman's $85 billion budget for fiscal 1954 was a time bomb especially loaded for Eisenhower; if Stevenson had been elected, the story goes, the budget would have been more reasonable by several billions.

Whatever truth the story contains, there's one Washington agency which apparently hopes to be out of the red for some time to come. That's General Services Administration, which does the federal government's buying of most supplies. GSA has contracted with W. A. Sheaffer Pen Company for an indefinite quantity of Skrip writing fluid—black, blue, and blue-black—but none of it red!

The ink order will transplant quite a few quarts of Mississippi river water all the way to the bank of the Potomac. The ink uses water from the drinking-water supply of Fort Madison, Iowa, de-ionized and purified. The town is supplied from the river.

THINGS TO COME—Clothing that keeps insects away without effort by its wearer is on the way. The Army has devised an odorless and colorless insect repellent for spraying on cloth during manufacture, and when Army needs are cared for it will be licensed for sale to civilians.... A portable home broadcasting set has appeared in the Christmas toy line of a Chicago manufacturer. It will broadcast through any set at a distance of 75 feet or less, and costs only $9.95.... Shoe manufacturers, encouraged by the welcome given nylon mesh shoes when they first appeared last spring will be back next year with fabric uppers of gold, red and bright blue... Sprayed-on green tinting to kill windshield glare will baffle helpful filling station attendants. It's put on by pressing a button on its container, but it won't wash or wipe off.

BIG PUSH—The all-out campaign for removal of the brakes of antiquated government regulations that keep the railroads close to starvation in the midst of plenty, is moving along in high speed. Those mechanized Paul Reveres—the Eastern railroads 100,000th and 100,001st freight cars built since World War II—are carrying the railroads' message to the public throughout the Northeastern states. Ceremonies and speechmaking are in full swing all along the routes the cars are following. All lines—however their tracks run—are directed at congressional and administrative action to modify outdated transportation policy early in 1953.

MORE COTTON—The Department of Agriculture has increased its estimate of this year's cotton crop, now being harvested, from 14,4 million bales to 14,9 million bales. The move surprised traders and users of the fiber. The Crop Estimate Board cited the ideal harvesting weather, and said recovery from the severe summer drought has been better than was expected.

While this year's crop will be less than the 16 million bales proposed as a goal at planting time, it will still add a millon bales to the nation's cotton carry-over, judging from consumption so far this year.

The Board has been moving with great caution this year after the embarrassing failure of its predictions last year. Then it started out with an estimate of close to 17 million bales in August, and the final ginning was 15.1 million bales.

BITS O' BUSINESS—Flotations of new issue or stock raised annually $3 billion of the $90 billion in capital added by American firms in the last five years, the Department of Commerce reported. Retained earnings provided $38 billion, depreciation allowances $18 billion, borrowings most of the rest.... Steel mills operated in October at 106 per cent of rated capacity, a pace that would turn out 115 million tons of ingots and castings in a year... The first German automobiles in 13 years have reached Canada. They are the famous Volkswagens, the people's car for which the Nazi government collected billions of marks in down payments, then didn't deliver because the war began. . . . A hundred American companies got certificates of necessity from D. P. A. in the week of Nov. 5 for building plants—$105 million worth of them, all told. . . . Unemployment declined to a new low in October, the Census Bureau reported. . . . The National Foreign Trade Council demanded tariff reductions to expand U. S. trade.

LOST BONDS RETURNED TO CAMPBELLITE

Mrs. Lenora Newport, 762 Fewtrelle Ave., received quite a scare recently when she lost $1,000 worth of $25 and $50 savings bonds in the dressiing room of a San Jose Department Store, but everything is all right now. The bonds are safely deposited in the Bank of America on First Street, San Jose after an honest shopper returned them.

Mrs. Newport told officers she accidentally left the bonds made out to her and R. C. Newport, in J. C. Penney Co., First and Santa Clara Streets, shortly after noon, Monday, and when she rerurned for them a few moments later they were gone.

Mrs. V. J. Mitchel, 130 Ware Street, Redwood City, found the bonds, noted the name on them and returned them to the Bank of America. The bank then notified Mrs. Newport that they were safe.

Clothespins that have been boiled in strong salt water will not freeze to the clothes in wintry weather.

Mrs. DONALD LUKEHART of Hazel Avenue departed by plane last Monday evening for Kansas City, where she joined a sister, with whose family she motored on to Artesian, South Dakota, to help celebrate the golden wedding anniversary of her parents, Mr. and Mrs. HANS ASPER. The Asper's eleven children will all be present for the event. Most of them live in or near Artesian; Mrs. Lukehart of Campbell and a sister who lives in Bremerton, Washinton, have farthest to go. Mrs. Lukehart will fly home from Kansas City December 3rd.

Meantime son DONALD LUKEHART is at home, since November 21st, after finishing boot training for the Coast Guard at Alameda. He will be stationed on a boat at Alameda following his ten-day leave.

RUTH POINDEXTER of East Campbell Avenue (she's JANE TOWN of Station KLOK) returned this week from a visit at Aberdeen, Washington, with her grandmother, who is 94, and aunts, uncles and cousins. Ruth motored with JIM ANDREWS, who is a pianist, a resident artist of Montalvo, and who also has relatives atGray's Habor. (Aberdeen is on the harbor.)

Mr. and Mrs. W. B. WHITMORE are moving back into their home at 70 West Campbell Avenue. After a stay in Korbel, the Whitmores have been waiting for six months in San Jose for their home to be vacated.

Mr. and Mrs. DON PENTZER journeyed to Hemet recently with friends from Oregon.

Mrs. ANTHONY CIRAULO, nee MARGARET ROBERTSON, and her eight-months-old son, STANLEY RICHARD CIRAULO, are staying with Mrs. Ciraaulo's parents, Mr. and Mrs. MILTON ROBERTSON of South Winchester Road. Mrs. Ciraulo and little Stanley plan to follow him ina few months.

Members of the American Legion Auxiliary, No. 596, met on the evening of November 24th at the home of Mrs. HERBERT MYRING, Auxiliary president. Plans were discussed for the annual children's party, to be held Wednesday, December 2nd.

DEBORAH KENNEDY, who is 5 months old now, and her parents, Mr. and Mrs. NEAL KENNEDY, of Willows, recently enjoyed a visit from Deborah's grandparents, Mr. and Mrs. E. R. KENNEDY.

Mr. and Mrs. W. N. LLOYD of Hamilton Avenue left Sunday to visit with Mr. and Mrs. ROBERT HICKS of North Hollywood over Thanksgiving.

JACK BURNS, son of Mr. and Mrs. WILLIAM BURNS of Alice Avenue, returned home November 13th after eight months in Anchorage and Bethel, Alaska, where he did construction work. He found Alaska very interesting but likes Campbell's climate.

Reverend LAWRENCE OSBORNE visited lately for a week with his parents, Mr. and Mrs. T. E. OSBORNE of Esther Avenue. Reverend Osborne is associate pastor of the Central Methodist Church of Stockton and associate professor of English at the College of the Pacific.

Mr. T. E. Osborne has been up and around for several weeks, after an illness dating from September 4th.

where does money go?

Well, son, if you mean other than in your piggy bank, it goes into circulation. Most of this money stays right in the community and goes to pay the butcher, the baker and even the man who runs the movies. It buys things, too. Like a new home or an automobile. PRUNE, 'COT GROWERS OPEN NEW PLANT

Newly completed Plant 7 of the California Prune and Apricot Growers Association at San Jose was officially opened to Association members by the Board of Directors at their recent meeting, it is reported by Director F. L. Steindorf, who is Central Representative of the Campbell-Los Gatos Prune and Apricot Growers Association.

A delegation of local growers were among the more than 650 Association members to be conducted through the new plant, most modern in the dried fruit industry.

Director Steindorf pointed out that the plant is unique in that in floor layout, construction, and facilities, it has been designed to permit maximum operating efficiency and at the same time achieve the highest possible standards of sanitation in dried fruit storage, processing and packing.

In the main warehousing and manufacturing units, having a ground area of almost four acres, are to be found facilities and equipment on which the Association management and engineering staff have devoted years of planning effort. Included among these are the huge new 20-ton-per-hour prune grader—the only one of its kind; the unique blending and sorting layout; the cut fruit processing and packing line, handling bulk, carton, and visible packs; and portable bin storage for all dried fruits except large size—Fancy and Extra Fancy — cut fruits, which are stored in boxes.

The plant consists of two groups of buildings. The first group, housing the main warehouse and manufacturing departments, has a total floor area of 162,400 square feet. These buildings are of reinforced concrete wall, steel and heavy timber roof truss construction. The entire plant is fire protected by an automatic sprinkler system.

The second group of buildings houes the Engineering and Electrical Department, and Machine Shop; Lift Truck Repair Department; and Woodworking department. Storage facilities are also provided for office records, Advertising Department material, and surplus equipment. The buildings in this group have a total floor area of over 20,000 square feet.

The main floor of the warehousing and manufacturing units is at a uniform level to permit rapid and efficient handling of fruit and packing supplies all throughout the plant by fork-lift trucks. Adjoining these units is a 21,600 square foot shipping dock with loading space for 11 freight cars.

Fruit is received at Plant 7 from growers, from cooperative dryers, and from other Association plants. Fruit is graded for size and sorted to remove defective pieces. Graded and sorted prunes are stored here or transported to other plants for packing. A complete cut fruit grading and packing operation is carried on, including carton and visible packs, and bulk packs.

The grading and sorting equipment are used both for prunes and cut fruits. There are two graders, a conventional grader of maximum capacity of 10 tons per hour, and an Association designed and built grader with a maximum capacity of 25 tons per hour. Unique blending facilities are also provided.

LETTERS TO THE EDITOR

Opinions expressed in letters to this department do not necessarily reflect the editorial policy of this paper.

Editor The Campbell Press:

Robert Seligson's letter suggesting a Merchants' organization for Campbell interested me. I was for 25 years in retailing here and have been for 65 years a Campbell citizen I've seen the whole merchandising story, from one store to now.

For about 50 years, Campbell has had a Chamber of Commerce. Every idea Mr. Seligson mentions is within the service scope of the Chamber we now have. We tried a Merchants' Association and found it a rival and a source of discouragement to the Chamber. So we dropped it—or it dropped itself.

About every store opening on shopping night. Denmark, for instance, is celebrated for good coperation. I have asked Danes living here why they don't go back. For some reason they have shaken their liberty-loving heads! To the point, not all stores are open on shopping night in San Jose. Ours is still more or less a free country.

About lack of hospitality to new residents. I have been repeatedly told by people who have traveled widely and lived widely that ours is one of the most friendly communities in the entire U. S. But all who would find friends must themselves be friendly, here or anywhere.

These things I say not to discourage Mr. Seligson or anybody. Let us have free and lively debate. Opposition brings out all sides.

'THREE R' TRICKS STRESSED AT MORELAND PTA

The third gathering of parents and teachers of Moreland and Quito Park schools PTA sponsored "Fundamentals of Learning" meeting was held Monday, Nov. 17 at Moreland Cafetorium.

This was the last of the panel discussions which demonstrated today's technique for implanting knowledge of the 3 R's in elementary students. The subject this night was language, speech, and writing.

There were five teachers on the panel. Miss Barbara Gildea, teacher of speech correction of Moreland and EL Quito, Burbank and Saratoga districts, gave an interesting description of how the youngsters with speech defects were being corrected. Miss Gildea reported that every effort was made to eliminate any feeling of being different among her pupils, and that she had succeeded so well that many children with perfect speech begged to be admitted to her tutelage.

Mrs. Barbara Niles, third grade teacher at El Quito Park, made the thought-provoking point that our language was undergoing a metamorphosis from the written to the oral. Mrs. Niles indicated that radio, movies, and the great prevalence of television in the homes, were bringing on this condition. Concentration on the perfecting of handwriting, such as was the custom of pedants years ago, is no longer necessary, because of the more universal usage of the typewriter, Mrs. Niles pointed out.

Fred R. Wise, fifth grade teacher at Moreland, representing grades four, five and six, stated that he finds it characteristic of children today that they are poor listeners. They must be heard, even if the other fellow never gets a chance, Mr. Wise said.

Mrs. Elizabeth Savage reporting on grades seven and eight, which classes she teaches at the school, though that modern children have more poise than formerly. From kindergarten, almost daily they must make reports, announce events in front of other classrooms, and generally are taught to speak publicly at ease.

Mrs. Vivian Snow, adviser of Moreland Monthly newspaper, made a short report on how the children write and gather their own news and sell ads.

Mrs. Gussie R. Baker introduced the teachers and Miss Botida Hansen of the County Superintendent of Schools office was the moderator for the question and answer period following the teachers' presentations.

Among those present, on the panel and in the audience, were: Mesdames Garvin MeLeod; Ernest Speno; John Scarpace; R. L. Allinger; James E. Bruce; A. E. Langen; Bruce Holmes; Kenneth Bitzer; Lewis B. Sink; Robert Brydon; Thomas McNair; F. A. Gonsalves; Letzel Hoover; William Morales; Arthur L. Bush; Lester Breeding; C. A. Hamsher; William E. Carpenter; William P. Bording; Henry Kurasaki; Gerald L. Wilfram; Davis W. Snook; D. W. Griswold; W. G. Raab. Also present were Mr. and Mrs. Jess Monroe; Mr. and Mrs. Clarence E. McVey; Mr. and Mrs. Clarence H. Barr and Ralph W. Brown.
